Alain Pinel Realtors knows that feeling. As the most trusted name in Northern California luxury real estate, we covet that view, too, and we know where to find it. Let us help you experience the view from here ...

Welcome to the neighborhood.

We grew up here. Alain Pinel Realtors began 25 years ago in the Bay Area with one agent in one office. Still a family-owned company, we are nimble, responsive and resourceful, putting clients and community above all else.

You'll reap the benefits of unmatched quality, the highest level of service and exclusive local partnerships we cultivate on your behalf. Our roots here are deep, and we are dedicated to helping you plant — and grow — yours.

Alain Pinel Realtors was founded with the belief we could succeed by applying great business practices to real estate. We were right, and we have built this belief into a quarter-century of industry leadership. And you can be sure we are continually evolving to match the way you live your life.

True to our beginnings as a Bay Area start-up, we were the first brokerage to have a website and the first to put listings online. Our innovative, creative practices ensure you experience better service, and faster, easier transactions. Exclusive property and market information is always at your fingertips, and unparalleled expertise is just a stroke away.
